Complete convenience, always connected

Developed as a convenient way to get your course in front of millions of golfers, Connect puts the flexibility and portability of cloud-based tee sheet management in your hands. Tee it high and let it fly with Connect.

Features

Plug and play

Connect is designed for quick setup. The cloud-based platform installs easily and doesn't require an on-site implementation, so you can get back to business right away.

One of a kind

Connect is the premier tee sheet solution built specifically to work with the GolfNow distribution platform. What does that mean for you? Seamless integration and the very best way to reach millions of golfers.

Always up to date

Connect is easy to implement and painless to update. There's no software to install—just a fluid and functional platform for running your business on Mac or Windows systems, tablets and more.

In the know

Detailed reporting, including consumer info, is an integral part of Connect. The right data to help you make the right moves for your course.

Find your solution

Connect is only one of the many business solutions we offer course partners.
